# ARTDRENOLINE

## A COMBINED ART & SPORTS CAMP

# JUNE 14TH-JUNE 18TH

## What is Artdrenoline?

Two very different things that have been merged into one- The YMCA of Dodge County and The Beaver Dam Area Arts Association began planning their summer camps. Both

camps would have been fun, successful, and creative separately, but together there's all sorts of great ingenuity and fun thriving! This camp is for ages 6-12 years old. Programs will run at the YMCA of Dodge County with field trips to the Sieppel Arts Center and Martial Arts of America. Sign up today to reserve your space or call Karla Jensen (BDAAA) at 920-885-3635 or Sarah Korn (YMCA) at 920-887-8811 for more information.

## What's Putt Putt Art?

Putt Putt Art is a new invention by the Beaver Dam Area Arts Association. It's a custom designed putt putt golf course with a fun art project between each golf hole. We know you'll love it! A perfect mix between sport and art.

## What's the deal with the giant mural?

Actually, there will be two giant murals created during Artdrenoline. One will be a replica by the famous artist Henri Matisse, who will be visiting us in person during the week. He's a character - very creative and eccentric - so we've invited him to show up and help.

The other mural will be a more abstract art project using the same vibrant colors Matisse was so famous for. We'll even offer paper cutting as an art project because Matisse was a master with scissors.

## Can I mummify my little sister after I take the Egyptian Art History experience?

Only with your parents' permission. Seriously, you'll love the hands-on approach we're taking

to transporting you to ancient Egypt for the week. Decorate a pyramid for the Pharaoh, prepare the burial chamber and create an Egyptian mummy.
